

**LOONTJENS ET AL**  
**Serial No. 10/505,155**  
November 15, 2006

**REMARKS**

By way of the amendment instructions above, amendments with respect to the term "high molecular weight" have been introduced into the specification at page 1, lines 7-13 and the Abstract so as to conform to the amendments presented in the Amendment dated October 23, 2006. No question of "new matter" is presented since the specification as originally filed was replete with reference to the process forming "high molecular weight" polymers. See for example, page 4, lines 29-32.

For the reasons of record, applicants suggest this application is in condition for allowance and official notice to that effect is awaited.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
